The Desideratum, related to the establishment of Quality Control, must be, during Public Controversy, simultaneous with external parties. This because Quality Control cannot function without information provided by external parties. Here is what Quality Control must receive before its official establishment:

The Central Bank – $\alpha(x)$

- The formatting of the registration of businesses that are registered with The Central Bank. (Types of subscriptions etc.)
- All mathematical models the bank uses independently from Quality Control, to calculate $\Omega(x)$, $\psi(x)$ and $\phi(x)$.

D.O.C.I.S. International – $\beta(x)$

- The formatting of the registration of technology in production and in ownership.
- All mathematical models used for the supply chain and the calculation of depreciation.

The Sex Club – $\gamma(x)$

- The formatting of the registration of people.
- The formatting of the dominions.

The Media Conglomerate – $\delta(x)$

- Their hierarchy between prime time and local media.
- A concept contract for the Quality Control TV channel, The Chief of Staff magazine, the Regent as a columnist for The Financial Times (Daily) and the Regentesse as a columnist for The Financial Times (Weekly).
- Their procedures for press releases (including emergency broadcasts).

The Doctor's Establishment – $\varepsilon(x) + M(x)$?

- The formatting of the registration of processes.
